Virtual Training- May 18th, 19th, 20 and 21st, 2026 from 12 pm- 3:30 PM EDT

Sign up Here!

\$750 per ticket

Why Choose Project ImPACT?

- Evidence-based parent coaching for young children with autism
- Embedded NDBI strategies in everyday routines
- Enhance social, communication, imitation, and play skills
- Neurodiversity-affirming and family-centered approach

About the Trainer

The workshop will be conducted by Brooke Ingersoll, PhD, the co-developer of Project ImPACT, and her trainees. Dr. Ingersoll is a professor of Clinical Science at Michigan State University and has published more than 100 articles and book chapters on autism.

Who Should Attend?

Providers interested in utilizing the Project ImPACT curriculum with families

About the Course

- Prerequisite: 6-hour Beginner e-Course (included in registration)
- Access to Beginner e-Course provided at least 2 weeks before the workshop
- Includes 2 e-books
- Continuing Education Units (CEUs):
 - 7 BACB CEUs for Beginner e-Course
 - 14 BACB CEUs for Advanced Course
